ART ESTATE. A Silent Auction with artwork by Michela Martello, Giorgio Casu & Layla Love at the IMAF

22 Gramercy Park S, Manhattan, New York, New York, NY 10003

The prestigious location offered by The Corcoran Group, 22 Gramercy Park South, a dilapidated townhouse with a princely address rebuilt by the famed architect Michael Haverland, gives the International Migration Art Festival (IMAF) the opportunity to promote the artwork of two talented Italian artists living in New York City, Michela Martello and Giorgio Casu. A group of selected guests will have the opportunity to attend a live performance created by Ms. Martello and Mr. Casu and to buy their works exhibited in the penthouse through a silent auction. As a special Italian gift to the guests attending the event, one of the sponsors of the evening, Moscato d'Asti in collaboration with the Cesare Pavese Foundation, will bring from Italy the original pen used by one of Italy's most prominent writers of the 20th Century. The original pen of Cesare Pavese will be on display throughout the evening. Silent Auction with artwork by Michela Martello, Giorgio Casu & Layla Love Live performance by Giorgio Casu and Michela Martello.
